

IAIME 37th Annual Scientific Meeting *Virtual*

“Looking into the Future”

February 1 – 3, 2024

Why You Should Attend

The past few years have been a period of significant transformation, largely due to the global pandemic. The way we communicate, conduct meetings, and interact with one another has been fundamentally altered. In order to navigate this new landscape successfully, we have assembled a diverse group of professionals, including physicians, judges, attorneys, state medical directors, and industry experts to speak to us. Their insights and experiences will guide us as we chart our course forward.

Looking into IAIME's Future

The last few years have been interesting times. The pandemic has fundamentally altered the way that communication, including meetings such as this one, are held. We eagerly anticipate "Looking into the Future." There are amazing new transformative technologies emerging that will change the landscape for all of us, hopefully in a positive direction. Please join us as we hear from physicians, judges, attorneys, state medical directors, and industry as we chart our way forward into this new landscape.

Why is this conference so critical for medicolegal professionals?

Exciting advancements in technology are on the horizon, promising to revolutionize industry and hopefully bring about positive change. We are already witnessing these changes at both the state and federal levels, particularly in sectors such as business, insurance, and health-care. These developments will inevitably impact how we engage with our patients, handle cases involving injured workers, communicate with one another, and approach education. Join us as we embark on this journey into the future. Together, let us explore the opportunities and challenges that await and collectively shape a brighter and more efficient future for all.

Who Should Attend these Conferences?

Physicians, Chiropractors, Psychologists (MD, DO, DC, PhD, PsyD), Nurses, Attorneys, and Claims Examiners who desire a greater understanding of the future forces affecting MedicoLegal Evaluations are welcome.

Accreditation

IAIME designates this virtual activity for a maximum of **23 AMA PRA Category I Credits™** and **QME hours** which includes 4 hours of virtual sessions that also qualify for MATE training. Physicians should only claim the amount of credit commensurate with the extent of their participation in these activities.
